BOY DROWNS WHILE IN BATHING IN HOUSTON CREEK.

In full view of four or five comrades, who had accompanied him there, and who vainly endeavored to render him assistance, Will Ray Mallory, aged thirteen, son of Mr. and Mrs. John W. Mallory, of Twentieth street, this city, was drowned Sunday afternoon while bathing in Houston creek, near Kenney, this county.

Young Mallory and his companions left the Mallory home some time early in the afternoon, with the intention of going for a walk. They proceeded along the railroad for several miles, until they came to Houston creek, near Kenney, at a point which seemed to promise good bathing. All went in the stream and were getting along very nicely until suddenly a cry of distress was heard from the Mallory boy, who was out some distance from the others. Several of the boys started to his assistance, but he went under to a watery death before they could reach him. Mallory is said to have been a very good swimmer, and the supposition was that he had been seized with cramps, which rendered him helpless.

The alarm was given at a neighboring farm house by the boys, and several farm hands responded. The body was recovered some distance from where it had gone down, by one of the men, who had been using a grappling hook for the purpose. Physicians hastily summoned, brought with them a pulmotor, with which they endeavored to catch even a fleeting breath of life, but the boy had been under the water too long, and their efforts were of no avail.

The boy's father, Mr. John W. Mallory, was in Lexington at the time of the accident, visiting one of his daughters, who is ill in one of the hospitals. He was summoned home by a long distance message telling of the tragic occurrence. The boy's body was taken to the Mallory home, and prepared for burial.

The funeral will be held at the family home, near Twentieth street, to-morrow (Wednesday) morning, at 7:45 o'clock, with services conducted by Rev. W. E. Ellis, pastor of the Paris Christian church. The body will be taken to Elizabethtown, in Fleming county, where after a short service by Rev. T. B. Howe, it will be placed in its last resting place in the Elizabethtown cemetery. Besides his parents, young Mallory is survived by one sister, Miss Opal Mallory, and two half-brothers, Robert and Joseph Letcher, both of whom are in the service of the United States in the army.

HAY SHIPPERS MUST SECURE LICENSE FOR SHIPPING.

In a bulletin issued to the farmers of the State by Federal Food Administrator Fred M. Sackett, of Louisville, they are warned that those who are engaged or expect to be engaged in buying and shipping hay must secure a Federal Food license before doing so. A copy of the bulletin, which reads as follows, has been received by County Food Administrator Lawrence Mitchell, of North Middletown, and given to the press:

"To All Shippers of Hay: The United States Food Administration finds that many persons engaged in shipping hay have not yet applied for license.

"As all hay shippers are included in the license proclamation of the President, and are required to apply for and secure a license before doing any business in buying and selling hay under heavy penalties for failure to make such application, I am anxious that every one whose business falls within this designation should make immediate application, if they have not already done so, to the License Division of the Food Administration at Washington, D. C., for such license.

"FRED M. SACKETT, Federal Food Administrator for Kentucky."

FARM FOR RENT.

See advertisement in another column of the farm for rent belonging to W. E. Hibler. The place contains 556 acres and is located near Ewalt's Cross Roads. If interested, address Mr. W. E. Hibler, 312 E. High St., Lexington, Ky. (6-1f)

LIGHTNING STRIKES VEHICLE; GIRL ESCAPES INJURY

During the severe thunder and electrical storm which prevailed over Paris Friday afternoon, lightning struck a carriage in which two girls were riding, on Second street, and one of the rear wheels dropped to the ground. Upon investigation it was found that the rear axle had been melted by the electrical current, causing the wheel to drop and the carriage to topple over. The girls were slightly stunned, but were not injured. After having repairs made at a local shop, the young women proceeded to their home near Paris, none the worse for their experience.

COURT OF APPEALS TO RESUME SITTINGS THIS WEEK

The Kentucky Court of Appeals will resume its sittings at Frankfort this week for the fall term. The docket is an unusually large one, containing many important cases. In the Common Pleas, Fourth Division, the case of the L. & N. R. Co. vs. Biggs, and that of the Power Grocery Co. vs. Alexander's assignee, etc., from Bourbon, were assigned for Wednesday, Sept. 25.

SEPT. 12 DESIGNATED AS REGISTRATION DAY.

All men from 18 to 45 years of age in the Continental United States, except those in the army or navy or already registered, were summoned by President Wilson, Saturday, to register for military service on Thursday, September 12.

Machinery of the Provost Marshal General's office was set in motion to carry out the second great enrollment issued soon after the President had signed the new man-power act extending the draft ages. The bill, completed in Congress, was sent to the White House for the President's signature soon after the House and Senate convened.

It is estimated that at least 12,778,758 men will register this time, compared with near 10,000,000 on the first registration of men from 21 to 31 on June 5, 1917. Of those who enroll now it is estimated that 2,300,000 will be called for general military service, probably two-thirds of the number coming from among the 3,500,000 or more between the ages of 18 to 21.

Gen. March has said all registrants called into the army will be in France before next June 30, swelling the American expeditionary force to more than the 4,000,000 men expected to win the war in 1919. The last to be called will be the youths in their eighteenth year, but those of that age who desire and who have the necessary qualifications may be inducted into service on October 1 for special technical or vocational training.

Provost Marshal Crowder in making public the estimate of men between 18 and 21 and between 31 and 45 who will be registered under the Administration's Man-power Bill September 12 fixed 254,108 as the number for Kentucky.

The number registered in Kentucky under the 21-31 registration of June 5, 1917, were 190,629, or 63,478 less than the estimate under the extended draft ages.

EXTENSION OF UTILITIES

Should Be Curtailed Until After the War Committee Urges.

WASHINGTON, Sept. 2.—Every extension of the a street car line, electric lighting system, water main, street paving of other public utility enterprises not absolutely essential to the war should be postponed until peace times, said the Government's Capital Issues Committee in a letter sent to-day to all State Public Utility Commissions. These State bodies were urged not only to frown upon additions and betterments requiring capital expenditures, but also to remove from public service corporations, if possible, the necessity of carrying out contract or franchise obligations which might be dispensed with the war emergency.

The letter was the first of several measures planned by the Capital Issues Committee, in co-operation with the Treasury and other financial agencies, to draw tighter the nation's purse strings and prevent by a voluntary, though effective, method of supervision the dissipating of capital in less essential enterprises.—Cincinnati Enquirer.

PECULIAR SITUATION.

A peculiar state of affairs has developed in connection with the opening of the county schools at Spears Mill and Hutchison. Owing to the high cost of living and necessity for conservation, the teachers of these schools have been unable to obtain boarding places in the neighborhoods, and have resigned.

When appealed to by the school trustees in behalf of the teachers, residents of the neighborhood are said to have politely but firmly refused to take them into their families as boarders, on the plea that they could not afford the extra expense attached to it, and the war prices they would have to pay for the necessary supplies.

Miss Margaret Terry recently of Paris, now a resident of Lexington, has sold her residence at 356 Woodland avenue, in that city, to Mr. J. W. Scott, Jr., of Lexington. The home will be occupied by Prof. Edward West and daughter, lately of Vermont, who will be one of the instructors at Kentucky University. Possession will be given on September 10.

LIGHTNING PLAYS PRANKS IN THE COUNTY.

During an electrical storm which passed over a portion of Bourbon county Friday afternoon lightning struck a cottage at Elizabethtown, occupied by Mr. O. M. Bowman. The bolt tore off a part of the chimney, ran down the stove pipe in the kitchen, tore off wall paper and loosened weatherboarding on the house. Mrs. Bowman had just left the house and luckily escaped injury. The storm did some damage in other parts of the county. For a while semi-darkness prevailed, necessitating lights much earlier than usual.

NEW DELIVERY SYSTEM IN EFFECT YESTERDAY.

In compliance with the desire of the conservation plan of the Government the merchants of Paris yesterday inaugurated the new conservation delivery system, as outlined in a large advertisement in THE NEWS last Friday and to-day. Under the new arrangement, which is part of the plan to save man-power and gasoline, customers must anticipate their needs and get their orders in one day in advance.

The grocers of the city have announced to their patrons that in order to get proper service they should order their goods on the afternoon before. Goods will be delivered as follows:

Delivery No. 1.—Commencing at 7:00 a. m., goods will be delivered in East Paris, Second street, Mt. Airy, Houston avenue, Lilliston avenue, Higgins avenue, Henderson street, Walker avenue and High street south to Seventh street.

Delivery No. 2.—Commencing at 9:00 a. m., goods will be delivered on South Main street, south of Seventh, Cypress street, Fourteenth, Fifteenth, Nineteenth and Twentieth street, Virginia avenue, Rosedale and Walker avenue, south of Eighth street.

Delivery No. 3.—Commencing at 11:00 a. m., deliveries will be made on Pleasant street, Stoner avenue, Scott avenue, Vine street, Duncan avenue, Henry Addition, Thornton Division, Tenth street and Winchester street.

COLORED WOMEN SET GOOD EXAMPLE TO OTHERS.

Twenty-five colored women of Paris recently sought employment of E. F. Spears & Sons, and were placed at work in the seed houses, where they are proving valuable assistants. The women are rapidly learning to accomplish work formerly done by men, such as sacking seed, repairing sacks, and engaging in general work incidental to the process of cleaning and sacking bluegrass seed ready for the market.

THE NEWS heard of two colored women who had made application for places as wagon drivers, made vacant by men who had been taken in the draft service. Both claimed to be familiar with the work, and it is likely ere long that they may be seen guiding horse-drawn vehicles through the streets.

These women, besides making good wages, are setting an example worthy of commendation by many others not only of their race, but by the idling class of the lighter race, whose lives of ease do not make them any more highly respected than those women who have had the courage and resourcefulness to engage in occupations hitherto beyond the feminine reach.

RED CROSS TEA ROOM TO OPEN TOMORROW.

All is now in readiness for the opening of the Red Cross Tea Room in the Wilson Building, at the corner of Main and Third streets, where will be found as tempting an array of good things for the appetite as can be found on the face of the earth. The room will be open for business to-day, from 8:30 to 12:00, and on each morning thereafter at the same hours. Telephone service has been installed and the number being Home phone 340.

The response to the appeal for equipment for the rooms has been very generous, for which the thanks of the promoters are hereby extended. There is needed a meat grinder. Do we hear a response? The following is a partial list of articles contributed, and the names of the donors, to whom the ladies extend their thanks.

Mrs. Christian, one-half dozen pie pans, enameled bowl and one egg beater; T. W. Spicer, sinks at cost and work free; John Kriener, coffee pot and strainer; John Hill, double boiler; Mrs. C. M. Clay, glassware, china and edibles; Mrs. Clall Turney, one dozen cups and saucers; Mrs. Harry B. Clay, one-half dozen cups and saucers; Mrs. Charles Hukill, one-half dozen soup plates; Adami & Santl, ice cream; Lusk & Shea, groceries; Dr. A. H. Keller, bread and rolling pin; L. J. Fretwell, bread box, ice pick and butter knife; Walter Davis, knife and scissors; Miss Mayme Holladay, bowls and can-opener; Mrs. Chas. Daugherty, ice bag and mallet; Frank M. Clay, one old country ham.

The following contributed money to pay for the sinks placed in the rooms: Peoples-Deposit Bank & Trust Co., Holladay Candy Store, R. C. Talbott, W. R. Blakemore, J. W. Davis & Co., G. S. Varden & Son, J. Bennett Tarr, Miss Owens, Clay Sutherland.

The menu for the opening day is as follows:

Chicken croquettes, peas, beaten biscuit and slaw, 30c; tomato sandwich, 10c; brown bread sandwich, 10c; fruit salad and wafers, 25c; pie a-la-mode, 15c; tea or coffee, 10c; plate lunch—Chicken croquette; peas; biscuit; broiled brains; creamed asparagus; stuffed peppers; muffins.

IN THE SERVICE OF THEIR COUNTRY.

Mrs. Orie Brannock left Friday for Camp Meade, Maryland, for a visit to her husband, who is in training there. Mrs. Brannock was formerly Miss Ethel Jones, of Paris.

Edward Spears and Blair Varden spent Sunday in Paris with relatives and friends. They were home on furlough from Camp Zachary Taylor, where they are stationed in the army service.

Lieut. Fielding Rogers, who has recently been a guest of his parents, Mr. and Mrs. Warren M. Rogers, near Paris, writes that he has been transferred from Camp Sherman, near Chillicothe, O., to Camp Lee, Virginia.

Private W. H. Dearing, who recently returned to Camp Zachary Taylor after a visit to relatives in North Middletown, writes back that nearly all the officers have left the camp, and that from that fact, he has been acting as Corporal.

Cards have been received here by relatives and friends of Ed. C. Doty and W. O. Pennington, formerly of Paris, announcing their safe arrival at a French port. Both are members of the navy, being on battleships doing patrol duty in Atlantic waters.

Mrs. J. T. Brown has returned from a visit to her husband, Capt. J. T. Brown, who is stationed at the Base Hospital, at Camp Green, near Charlotte, N. C. Capt. Brown is a member of the Medical Corps at the camp.

Mr. Wherritt Howard, lately of Paris, who enlisted in the naval service some time ago, wrote to friends and relatives here that he had arrived safely at a French port of disembarkation. His ship is on ocean patrol duty.

Edwin K. Thomas, Jr., son of Mr. Claude M. Thomas, of near Paris, has been commissioned Battalion Sergeant Major in the service. Maj. Thomas is now a guest of his father. He has been in the Officers' Training Camp at Plattsburg, New York.

Mr. John Ardery, formerly of Paris, who is now in the Chemical Warfare Department of the U. S. Army, being stationed at the Edgewood Arsenal, in Maryland, is at home on a visit to relatives and friends.

Mr. John Roseberry motored to Camp Zachary Taylor, Sunday, to visit his son, Hiram Roseberry, who is training in the artillery branch of the service. Mr. Roseberry found the Bourbon county boys all in good shape and working hard to get in shape to do their share toward getting the "pesky Huns."

Mr. Woodford Buckner left Saturday for Camp Gordon, Georgia, where he will go into training as a member of the Officers' Reserve Training Corps. Mr. Buckner, before leaving, ordered THE NEWS sent to him at Camp Gordon, as he wanted to keep in touch with happenings, and especially for the comings and goings of the boys "in the service."

Advices have been received by Paris relatives to the effect that Capt. W. C. Terwilliger, who married Miss Olive Taul, of this city, is now in France. Capt. Terwilliger has been stationed at an army camp in Virginia, as a member of the Medical Corps. During his absence, Mrs. Terwilliger will spend a part of her time in Paris with her parents, Mr. and Mrs. Thos. Taul.

Thomas McVey, of near Centerville, who was a member of one of the Bourbon county draft contingents sent to Camp Zachary Taylor some months ago, writes to his mother, Mrs. Nellie McVey, announcing his safe arrival overseas. McVey said the voyage was an uneventful one, but he hoped he would soon be close to where eventful things are happening on the firing line.

Mr. and Mrs. B. M. Renick returned Friday night from a visit to their son, Mr. Coleman Renick, who is stationed at Camp Logan, near Houston, Texas. They found Mr. Renick in splendid health, having gained fifteen pounds in weight and thoroughly contented with camp life. Young Renick told his parents that the old-fashioned method of raising a boy by hand wouldn't come near making him a man as Uncle Sam's training course will.

John H. Turner, of Paris, writing to THE NEWS from Great Lakes Naval Training Station, says, in part: "In a few days more, possibly not over five or six, we may be on our way across the Atlantic. I am through 'school' and have received a rating as second class petty officer. I am in first-class health. Sometimes we think it is being rubbed in on us, but I guess it's mostly imagination. I have been to all the 'seaports' on this end of the map, Chicago, Milwaukee, etc., also visited all the parks and pleasure resorts in and around the Windy City. All the Bourbon county boys are getting along fine. My new address is

AUTOMOBILE ACCIDENTS AND HAPPENING FEATURE SUNDAY

For several hours Sunday an automobile which had turned turtle and lay in the ditch at the side of the road on the Maysville pike, near the home of Mrs. Charles Leer, remained unclaimed. The auto had been overturned some time in the early hours of Sunday morning, it was presumed, and abandoned by its occupants, whose identity remain yet a mystery. The machine was taken to town by employees of a local garage for repairs, but they would not divulge any information as to its ownership nor the identity of the persons who had left it abandoned on the roadside.

Mr. Charles A. Webber, of the Bourbon Garage & Supply Co., had a narrow escape from serious injury as he was sitting in front of the garage. An auto which had gotten beyond the control of the driver, ran into another machine standing near where Mr. Webber was sitting, smashing the fender. The car then swerved to the middle of the street, and in making a wild turn to the right, struck Mr. Webber's chair, being stopped by coming in contact with the curbing of the street at that point. Mr. Webber was bruised about the head and hands, but was not seriously injured. The wild machine and its driver escaped in the confusion that followed.

While endeavoring to avoid a collision with a machine approaching from another direction, the machine in which Coleman Williams and Rankin Parker, Miss Jennie James, of Paris, and her cousin, Miss Christine Kenley, of Georgetown, were returning from Millersburg, was overturned and went into a ditch at the side of the road. The occupants of the machine were pinioned beneath the overturned machine, Miss Kenley sustained a broken collar bone and a fracture of the left arm, but the others escaped with only a shaking up and slight bruises. The accident occurred on the Maysville pike at a point about two miles from Paris. The machine, which was considerably damaged was brought to Paris, as were the injured people, who were sent to their homes.

REFRESHING SHOWERS BRING RELIEF TO PARCHED EARTH.

Refreshing showers of the past few days have broken the serious drouth which has prevailed for the past three weeks. The drouth was especially severe in some sections of this county, where springs and branches had completely dried up and pastures scorched by the fierce August sunshine.

Late corn, potatoes and some garden truck were helped by the recent rains, but the earlier corn has mostly matured, and the rain, therefore, came too late to benefit it. The tobacco continues to mature prematurely, and much of it is being cut to save it, but what is left is improved by the late rains. There has been no plowing as yet for the fall planting. Pastures, which were almost entirely destroyed during the drouth, are again shining green. The fall pasturage will mean a big saving in food stuff for the winter.

JUDGE HOWARD NAMED AS ELECTION COMMISSIONER.

At the recent meeting of the State Election Commission, held in Frankfort to elect Republican county election commissioners, Judge H. Clay Howard, of Paris, was selected for Bourbon county. The Democratic commissioners were selected at the meeting held in Frankfort on Aug. 17. At the time the list of Republican commissioners had not been prepared by the Republican State Committee.

LADIES' SWIMMING TOURNAMENT.

The ladies' swimming class of the Y. M. C. A., under the direction of Miss Harriet Rogers, will hold a competitive swimming tournament in the Y. M. C. A. swimming pool on Friday night, Sept. 6, at 8 p. m. Admission is free, and for ladies only. The feature of the evening will be an exhibition of life saving.

John H. Turner, Co. 3, 15th Reg. Camp Paul Jones, Great Lakes, Illinois.

Mr. and Mrs. Jesse Turney received a telegram Saturday afternoon from their son, Private Jack Turney, at New York City, stating that he was leaving there at two o'clock on a big transport bound for overseas. Mr. Turney was recently transferred from Ft. Benj. Harrison to an Eastern army camp.

Mrs. Graham Edgar, wife of Dr. Graham Edgar, formerly of Paris, who has been spending the summer in Lexington with her mother, Mrs. Alfred Marshall, left Sunday for Washington, D. C., to join her husband. Dr. Edgar recently arrived in Washington from California, to take up war work for the Government in the Chemical Division of the service.

Chas. C. Ritchie, who is stationed at the Norfolk, Va., navy yard as a member of the Marines, is home on a furlough to visit his parents, Mr. and Mrs. C. C. Ritchie, near Hutchison. Young Ritchie says the boys in the navy service are wondering when they will get a chance to show the Boches what they can do in the way of feeding them "shot, shells and bayonets."

EDITORIAL MUSINGS.

All Yanks Now.

At the recent meeting of Morgan's Men at Olympian Springs, Capt. Stephen G. Sharp, of Covington, was elected President for life. In accepting the honor he took occasion to call attention to the unanimity with which the boys who wore the grey in 1861 are supporting the flag they opposed then.

There is no pro-Germanism or suspicion of lukewarmness among them. In fact the zeal of the ex-Confederates for the Stars and Stripes and the glory of our common country is noticeable in any gathering when one happens to be where the war is discussed. The once "rebels" are now true blue patriots and none are more loyal. And in this connection it is noticeable that the American soldiers fighting on the other side are referred to by their English and French allies almost entirely as "Yankees."

The nickname, "Sammy," suggested and used when our boys first went over has been dropped, it seems, by common consent, and "Yanks" they are proud of it. And that the sons of ex-Confederates should be known as "Yanks," and glory in the name and all that it means to-day, is but another evidence of the single-minded devotion to a reunited North and South, "one flag, one country, forever and indivisible," that is found throughout the length and breadth of the land, whether north or south of the Mason and Dixon line.

Public Needn't Be Damned.

Director General McAdoo has gone straight to the point in an order covering the matters of courtesy and politeness, and he declares that "the public be damned" policy will in no circumstances be tolerated on the railroads under Government control. Likewise excuses such as "Uncle Sam's running roads," or "McAdoo's orders," are classed as reprehensible. Mr. McAdoo believes that the increase of \$475,000,000 in railroad wages per annum, and the consequent increase in passenger and freight rates entitles the public, among other things, to be treated "courteously, faithfully and efficiently."

"Work or Fight."

The American Federation of Labor has characterized the legislation withdrawing the deferred classification from men absent from work "without cause" as a "deceptive method" of labor conscription. Secretary Morrison, who is regarded as Samuel Gompers' right-hand man, has led the attack on the measure before Congress. He declares that "labor has kept the faith," and that "labor conscription is not asked by the Government and is not necessary."

The labor situation is regarded as of such great importance that the War Labor Policies Board has issued a request to the Governors of all States to send representatives to Washington the last of September, for the purpose of devising plans for

State and Federal co-operation in dealing with industrial problems.

The Skip-Stop and the Goat.

The skip-stop has been tried out on the goat, and the goat is better off on account of the experiment. The skip-stop is an innovation in street-car travel, and is accomplished by cars stopping only at specified blocks, several squares apart, and indicated for the convenience of the public by signs, or markers. The goat is Washington, the National Capital; where schemes and devices for saving time, power and energy, are worked out by Federal officials. The skip-stop is to be introduced on electric lines throughout the country, if the plans of the Fuel Administration are carried out. The Administration claims that two million tons of coal can be saved in a year by the skip-stop and the installation of power-saving devices.

Seven-Cent Newspapers.

Sunday editions of the Philadelphia newspapers have been advanced to seven cents. Among the papers are the Curtis publications. All the newspapers except one in Washington have advanced their price to two cents per copy for week-day editions. Bread, soap, fruits, candles, formerly five cents, have climbed to seven and eight cents. The nickel is being supplanted by prices representing the higher-cost of living.

SELECTIVE DRAFT BOARD MAKES IMPORTANT RULING.

Radical changes have been made in the ruling with respect to deserters. Bulletins setting out the changes have been forwarded to the local draft boards by Major Henry Rhodes, chief selective service department. Attention is called to the following changes:

First—All deserters (willful and non-willful) must be subjected to a physical examination upon their appearance before a local board, unless a recent record of such examination is already in the possession of the board.

Second—Deserters are divided into eight classes or groups with definite procedure for each class.

Local boards are instructed to call the attention of the nearest United States district attorney to cases where he board is of the opinion that the desertion is so flagrant as to demand punishment.

The following amendments have been made to the order relating to registrants who, after the time set for their induction into military service, attempt to evade the call:

Any registrant who fails to report for military duty under induction orders, whether issued by the Adjutant General of the State, or who fails to entrain for a mobilization camp pursuant to orders, or who absents himself from the party enroute to a mobilization camp, or otherwise refuses or neglects to proceed to the camp as ordered, shall be classed as a deserter and will be subject to punishment by court martial.

A change has been directed in meal tickets, seventy-five cents being allowed instead of sixty cents.

PRESIDENT COMMENTS TRAINING OF MAIMED.

The August issue of "Carry On," a magazine on the reconstruction of disabled soldiers and sailors, which is edited by the office of Surgeon General Gorgas, with the purpose of interesting the public in the problem of re-educating men maimed in the war, carried the following word of commendation from the President:

"The White House, Washington.

"There is no subject which deserves more immediate or earnest consideration than the subject of the physical reconstruction of disabled soldiers. It must be gratifying to the country that broadly conceived plans with regard to this matter are being not only developed, but carried out, and I personally welcome every instrumentality which is being used to bring about the proper execution of such plans.

"WOODROW WILSON."

PICTURING THE WAR FOR PEOPLE AT HOME.

The story of the Government's policy and activities in pictorializing the war, not only for record and information, but for morale at home and for combating the German lie in other countries of the world," is told in a report which Secretary Baker has laid before Congress. It is in reply to a resolution of inquiry regarding motion and still pictures of the American Expeditionary Force and of the military preparations at home, and it shows a comprehensive system of picture activity devised by the Committee on Public Information and approved by the War Department.

The pictures are taken by Signal Corps units and are shown in thousands of motion-picture houses under contract on a commercial basis to help pay the committee's expense in motion-picture propaganda.

Because of the war Scotland has been cutting down a great many trees to supply its own needs. Much of the land thus cleared will eventually be used for agriculture.

Canada possesses a forest larger in area than the whole of England, Scotland and Wales put together. This forest is in the Hudson Bay region and is a thousand by seven-hundred miles in extent.

BOURBON COUNTY FARMERS DISCUSS WHEAT ACREAGE

A number of Bourbon County farmers met at the Court House Wednesday evening in response to a call issued by the National Council of Defense, and steps were taken to greatly increase Bourbon County's acreage of wheat next year.

Chairman Arthur B. Hancock, of Bourbon County Council of National Defense, being absent from Paris, the meeting was called to order by Mr. John T. Collins. After stating the purpose of the meeting, the farmers present went on record as favoring a greatly increased acreage of wheat next year and pledged themselves to sow a larger acreage regardless of prices or other conditions.

Although Bourbon County farmers responded patriotically this year by growing the largest acreage of wheat ever grown in the county, they will further increase their acreage this fall in order to exceed the seven per cent increase now asked by the government.

Chairman Collins presented a list of farmers from the different precincts in the county, who have agreed to make a farm to farm canvass with pledge cards asking that every farmer increase his acreage of wheat this fall by at least seven per cent. The farmers will be called upon by members of the committee and will be asked to sign a pledge card, stating the acreage of wheat just threshed by them, and indicating what increase they will sow this fall. Members of the committee were supplied with patriotic gate signs showing that an increased acreage of wheat is to be grown on that particular farm. The committeemen named are given below, the first named in each precinct being designated as Chairman.

The Placard:

This Farm is Serving Our Country. Its owner has agreed to sow _____ acres of wheat this year to help win the war.

HOUSEKEEPERS GLAD OF NEW FOOD ADMINISTRATION ORDER

Housekeepers, as well as the great common people, who have been subsisting for some time on "Victory" bread, will hail with keen delight, the order of the National Food Administration partly releasing them from the observance of the wheatless days program which has held them aloof from hot biscuits and other good things made from wheat flour.

Beginning with yesterday Victory bread containing only about twenty per cent of substitutes, will be offered to the housekeepers. This bread will be made from new wheat flour which will have only twenty per cent substitute cereals in it. Simultaneously the old fifty-fifty rule whereby housekeepers who purchased an equal amount of rye, barley, Graham or corn flour has been abolished and with this goes the wheatless day and wheatless meal.

As announced by Mr. Fred M. Sackett, State Food Administrator for Kentucky, the food authorities of the United States, England, France and Italy have agreed upon the universal use of Victory bread, containing twenty per cent substitute that a greater conservation of wheat may be made this coming year. It is only just, Mr. Hoover says, that the United States should bear its share in this saving and that our bread should be at least universal with those who are suffering more greatly from the war than ourselves.

England has an organization called the Zetetical Society, the members of which believe the world to be flat like the pancake, instead of round like an orange.

REGISTRATION OF WOMEN WEEK OF SEPT. 3-10.

Everything is in readiness for Registration Week, Sept. 3-10. The Division Chairmen and registrars have received their final instructions from the County Chairman, Mrs. E. F. PLAIN NATURAL IRON BEST TONIC.

Costs But a Fraction What Weaker Preparations Sell For—A Spoonful in a Glass of Water a Dose.

The absolute proof that medicinal iron would help the blood and strengthen people wonderfully has caused many chemists to perfect more or less efficient iron tonics and more or less efficient tablets.

For most people, however, the writer would say that plain, highly concentrated Acid Iron Mineral is better, far cheaper and stronger and goes from two to six times as far.

A bottle of Acid Iron Mineral, kept handy and a teaspoonful poured in a glass of drinking water after meals, makes a delightful, very unusual and highly beneficial tonic and strengthener, and if the blood needs enriching and purifying it would be hard to find anything that does it better or rids the system of rheumatism and kindred ailments quicker than just plain concentrated Acid Iron Mineral, which is the name for non-alcoholic natural iron.

It also has a beneficial effect upon appetite and digestion, and the kidneys soon show its effects.

(Note:—) A-I-M does not act as a laxative and should one be needed to stimulate the liver or bowels a good laxative tablet like A-I-M Liver Pills is recommended. (adv-T-1f)

LETTERS FROM BOURBON COUNTY SOLDIERS AND SAILORS

Under date of Aug. 28, Nathan H. Bayless, Jr., writes to correct a "little mistake" which crept into the Paris papers, as follows:

"Camp Lee, Va.
"THE NEWS: I see in the Paris papers that I have been promoted to First Lieutenant. I only wish it was true, and it may, of course, be so some time, but it hasn't come along just yet. I am yet a long way from becoming a First Lieutenant. I have been picked out of my company for a farrier in the Sixteenth Veterinary Hospital Unit. That ranks as a First Sergeant... I am in first-class health and feeling just fine... I have been receiving THE NEWS very regularly. I would hate to miss a single copy of it. I am especially interested in your 'In The Service' department, as it gives the news of the boys from home, and what they are doing... We have been issued our overseas equipment and are expecting to leave here for somewhere in France some time in the early part of September... Uncle Sam is certainly very good to us here, and there is not a thing to complain of. The boys all seem to be very well satisfied. With regards, I am,
"Very Truly Yours,
"NATHAN A. BAYLESS,
"16th Veterinary Hospital Unit, Veterinary Training School, Camp Lee, Virginia."

Away up in Jack London's country, the Puget Sound district, the Bourbon county boys who left here some time ago, the "misfits," as they are pleased to call themselves, are active in Uncle Sam's service. The following letter is from one of them, Mr. William E. Mitchell, under date of August 25:

"Joyce, Washington.
"THE NEWS: At last the promised letter that I was going to let you have. Sorry to say I haven't gathered as yet all the material for that Jack London story you wanted me to write... I have just gotten settled down, and found out 'where I am at'... Please do not make an article out of this, as it is protected by all kinds of copyrights... We had a most wonderful trip coming West, and the entire crowd seemed to enjoy it very much. Of course, as you know, good friends cannot stay together always, and our crowd was soon broken up. I stayed in Vancouver fifteen days, and then received orders to leave for the tall timber, and accordingly made my departure on Sunday last... Jackie Saloshin left on Saturday ahead of me. We got word that he was leaving, so the rest of us hung around to give him a last farewell. It sure was an ideal night for such a thing to happen. A real dark night and a light rain drizzling down. Made us feel kind of creepy. You could see the boys running around in the camp making preparations for the move. Soon time came and we gave the hearty handshake, and the boys marched away... The crowd that I left with moved in the daytime and did not attract so much attention. Our first ride was by rail to Seattle. There we took a steamer for Port Angeles, located on the opposite side of Puget Sound, which, by the way, is some body of water. We then took the train to Joyce, Washington. Remained there about five days, and then started for this place. Took a truck out of Joyce and rode for five miles until we reached Lake Crescent, ferried it for nine miles, and finally reached camp about one mile from the lake... My paper is running short, so will close. Will give you more news next time. With regards to everybody.
"WM. E. MITCHELL,
"Care R. L. Crooks' Camp No. 3, Joyce, Washington."

Mrs. Thos. Taul received the following letter a few days ago from her daughter, Miss Mary K. Stone, who is in England with the Dr. Barrow Base Hospital Unit No. 40:

"Dear Mamma:—Suppose it will be a long time before you get this letter. I am well and doing fine, the climate is agreeing with me wonder-

fully. We have moments for bathing and swimming and the people are lovely to us. Tell brother the first place I visited was the home of Charles Dickens. He used to laugh at me so much about the books. It was just as I had imagined it. Please tell every one to write to me and tell me all the home news.
"Love to all, write soon.
"SISTER.
"My address is—
"MARY K. STONE, A. N. C.
"U. S. Army Base Hospital No. 40, American Expeditionary Forces, England."

The following letter has been received by Mr. and Mrs. Harry O. James from their nephew, Mr. Jason Redmon, son of Mr. and Mrs. Castle N. Redmon, of near Paris:

"West Point, Ky.
Aug. 25, 1918.
"Dear Uncle Harry and Aunt Annie: We are entraining to-day, but the train that takes my outfit has been delayed a few hours.
"I was out to see them off this morning and it was about the saddest sight I ever saw. The bands were playing and the boys all in high spirits, but the women were crying and wanting to get up to the train—it kept the guards busy.
"I had a very busy day yesterday. I had charge of the transportation and it kept my field train busy all day and the last load went aboard after midnight.
"I am supply officer for one of the trains to New York. I received the cigarettes and a thousand thanks. I expect to smoke them on the way from New York to Liverpool. Our regiment is loaded and we go next.
"Give my regards to all.
"JASON."

THE COUNTRY STILL GROWS THEM GREEN.

A certain husky, raw-boned recruit from an interior town reached Camp Upton recently and brought forth two sets of boxing gloves. He confided to his comrades that he was a mighty fine boxer and that "back home" he had thrashed everybody who had tried conclusions with him. This declaration, naturally, was an invitation, and all promptly professed to know nothing of the manly art, and asked if he would be willing to give them a little instruction.

Flattered, the youth stated his willingness to oblige, and the following day was set for the lesson. The pupils promptly hunted up Benny Leonard, the lightweight champion, who was and is the boxing instructor at Upton, and arranged for him to meet the recruit. The latter was informed that he was to give the first lesson to a very "fresh" youngster, and he agreed to put the unknown in his place. When Leonard was brought before him he wanted to back out, stating that he couldn't think of boxing with a man so much smaller than himself.

Leonard, however, insisted that the lesson go on, and each put on his gloves. During the "lesson" Benny never struck a blow, but contented himself with feinting, ducking, dodging and blocking until the volunteer teacher was so exhausted with his own efforts that he could scarcely stand. He stopped finally, congratulated the champion on his showing, said that he did very well "for an amateur," and then made his way to the barracks and to bed. When, later, he was informed of the identity of his antagonist, he said several things more or less complimentary to those who had put up the job on him and sent the gloves to his home.

COMMUNITY GARDEN BOYS PRESENTED WITH MEDALS.

Twenty-two young Paris boys, ranging in age from 10 to 16 years, have been presented with bronze medals by the Agricultural Educational Department of the U. S. Government, in recognition of their efforts in successfully growing war gardens during the present year. The emblems have the letters "U. S. G. S." thereon, meaning U. S. Garden Service, and are prized highly by the young gardeners.

The boys, working under Mrs. Harriet P. Minaker, of the Health & Welfare League, have industriously cultivated several acres of land on the Lexington pike, near Paris, this year, and each produced a quantity of various vegetables, including corn, tomatoes, potatoes, cabbage, cucumbers, beans, peppers, sweet potatoes, carrots, onions, turnips, etc.

These young men had parcels of ground allotted to them varying in size from 50 feet square and up, and each of the boys raised a most creditable war garden, in many cases harvesting more vegetables than needed by them for the winter, and a quantity of vegetables were sold. The ground on which the gardens were grown was generously donated to Mrs. Minaker, for the boys, by E. F. Spears & Son, the Paris seed and flour merchants.

In recognition of their faithful work in raising their gardens, Mrs. Minaker has announced that she will give the young men an outing on Stoner Creek, near the Chippewa Club grounds, on Wednesday, Sept. 3, beginning at two o'clock. Mrs. Minaker has arranged a program including races for the boys as follows:

The Program:
Potato race, 75 yard dash.
Three legged race.
Watermelon race.
Sack race.

In each of the above events suitable prizes will be awarded to the winners. During the afternoon a picnic lunch will be spread on the grounds for the boys.

Individual Instruction Received By Students of Fugazzi School Insures Their Success

So says Miss Ada Banahan in a letter to Miss Fugazzi, which we are publishing in full below, as it is typical of the letters we are receiving all the time from our former students.

June 25, 1917.

Miss Irene Fugazzi,
Fugazzi School of Business,
Lexington, Ky.

Dear Miss Fugazzi:

Just a few lines to express to you my appreciation of what you and your excellent school have done for me.

I am holding a fine position which you helped me secure and feel that it was your thorough, conscientious training that made me capable of holding it. The individual instruction and personal attention which you give your students insure their success. I shall always be glad to recommend your school to anyone who desires to become really efficient.

Yours very sincerely,
ADA BANAHAN.

If you have average ability we can do for you what we did for Miss Banahan.

To Every Woman a Challenge.

America's hour in the war has struck. The man-power in the nation has not been found wanting. The women will answer just as nobly as their brothers the call from the Government to mobilize and do what is expected of them to help win the war. The need for nurses is acute. This means that the Red Cross must obtain 1,000 nurses a week until October 1st. It is not only duty, but it is mandatory that every trained nurse who is capable of serving, should come forward at once and take up her share in this great work. Nurses are wanted "over there" and at the cantonment hospitals here at home. The members of the Army Nurse Corps will be placed above all non-commissioned officers. The pay for these nurses will be \$60.00 per month for services "over here" and \$70.00 per month for like work "over there," with maintenance and training expenses. Those who are not eligible for foreign service should come forward and enroll for a Home Defense Nurse and thereby relieve the local nurses for work in the foreign field. Graduates of woman's colleges and high schools should enroll as student nurses in hospitals or in Army School of Nursing. Either course will lead to the coveted title of "Graduate Nurse." Enroll—you are vitally needed. There can be no greater, no nobler gift to your country in this supreme hour than to give your services in this manner.

Registration days are to-day, Wednesday and Thursday. All girls, 16 years of age and over are eligible. ENROLL.

Liberty Choruses are being organized all over the country for the purpose of building up and maintaining civilian morale through community singing. Paris, as she is and has been, is among the first cities to organize in this work, and now has one of the largest and best organizations of this character in the State. Much interest is being manifested in this patriotic body. All members are requested to attend every meeting. Already about ten beautiful patriotic songs have been learned and admirably sung by the organization and two new ones are being rehearsed at each meeting. The boys are singing all these songs in the Camps. Let us follow their example, bring your books to the singing and join in the choruses.

The Woman's Land Army of America will be represented in Kentucky by Mrs. R. G. Stoner, formerly of Paris, who is one of the vice-chairmen of the Women's Committee. Miss Rosalee Sampson, of Shelbyville, is taking training at Wellesly College this summer to prepare herself to organize units for farm work.

The Chairman and Registrars in each precinct in Bourbon have received their final instructions and will begin their duties to-day of

taking the Voluntary Census. The organization under the able management of Mrs. E. F. Clay, County Chairman, is in perfect working harmony and great success is predicted in the campaign which will end on the tenth.

RELIGIOUS.

Plans have been under way for some time for the holding of the annual convention of the Kentucky State Sunday School Association at Ashland, Ky., October 8 to 11. There are over 4,000 Sunday Schools in the State, and each school is entitled to send a delegate to the convention. The convention is for all schools of every denomination in the State.

The Kentucky annual Conference of the Methodist Episcopal Church, South, will be held this year in Cynthiana, Ky., beginning to-morrow, Wednesday, September 4, and remaining in session over the following Monday. Bishop Collins Denny, of Richmond, Va., will preside over the sessions of the conference and will preach on next Sunday morning. The total attendance of ministers and laymen at the conference is expected to be more than 200.

The six Presbyteries of the Synod of Kentucky of the Southern Presbyterian church, will hold their regular fall meetings during the month of September. The following are the dates and places of meetings: Louisville Presbytery at Morrison church, in Hancock county, September 24 to 26; Ebenezer Presbytery at Millersburg, September 10 to 12; Muhlenburg Presbytery at the Lester Memorial church, in Christian county, September 17 to 19; Paducah Presbytery at Henderson, September 17 to 19; Transylvania Presbytery at Stanford, September 17 to 19, and West Lexington Presbytery at Cynthiana, September 17 to 19.

Next Sunday, September 8, will be observed by all the Protestant churches of the United States as a day of prayer for the schools and colleges of the land and the young people gathered in them. All pastors are asked to preach special sermons on this date on some phase of Christian education, and the Sunday Schools are asked to engage in special prayer for God's blessing on the educational institutions of the nation.

WILL CLOSE SATURDAY, SEPT. 7, FROM 6 TO 6 O'CLOCK.

Our store will be closed on Saturday, September 7, from 6 a. m. to 6 p. m. on account of that day being a Jewish holiday.

ELKHORN BAPTIST ASSOCIATION MEETS HERE TO-MORROW.

About two hundred delegates and visitors will be guests of the members of the Baptist church congregation in this city to-morrow, the occasion being the annual meeting of the Elkhorn Baptist Association, of which the Paris church is a member. The meetings of the Association will be held in the church building, on Main street, opposite the Y. M. C. A. Dinner will be served for the women of the Association in the Y. M. C. A. dining rooms to-morrow and Thursday.

The initial sessions of the meeting will be held in the main auditorium of the church to-morrow morning. The meeting will be called to order by Moderator J. R. Howard, of Lexington. Letters from the churches will be read, and the program and order of business determined on. Rev. J. S. Randall will preach the annual sermon at 11:00 o'clock. The afternoon session will be devoted to business conferences. At 7:30 p. m. Rev. Dr. F. W. Eberhardt, pastor of the Georgetown Baptist church, and a former pastor of the Paris church, will preach. Twenty-four years ago Rev. Eberhardt preached at the annual meeting of the Association held in this city. To-morrow evening he will deliver the same sermon he preached on that occasion. The doctrinal sermon will be preached at 11:45 o'clock Thursday morning by Rev. D. M. Austin. The remainder of the day will be devoted to business meetings and conferences. The services and meetings are open to the public.

INDUSTRIAL FIRMS LIMITED IN USE OF COAL.

Mr. James H. Thompson, of near Paris, Chairman of the Bourbon County Federal Fuel Administration, is in receipt of an official order from Mr. Wiley B. Bryan, of Louisville, Federal Fuel Administrator for the State, stating that limitations had been placed on all industrial plants using bituminous coal, and that they were effective at once.

Mr. Bryan said in his order that the demand for coal from the eastern section of the country for the army and navy use and for transport service had been larger than expected and that the administration is required to draw on the Kentucky coal fields to meet this demand that was at first unexpected. The following is the order:

"Coal in excess of that required for current operations shall be delivered to plants not on the preferred list of the War Industries Board when it is not in demand for use before April 1, 1919, by consumers on said list, namely the Federal Government, States, counties, public utilities, retail dealers, for manufacturing plants on the preference list."

REAL ESTATE DEALS.

Mr. Elias Garrison and sons, of this county, purchased through the real estate agency of Harris & Speakes, of this city, two farms in Scott county, located on the Frankfort pike, adjacent to Georgetown, for \$55,400. The J. T. Craycraft farm of 137 acres, brought \$191 per acre, and the C. J. Weisenberger farm, containing 147 acres, and adjoining the Craycraft farm, brought \$200 per acre. They will get possession of both places on March 1, 1918.

Mr. C. P. Rawlins, of Fayette county, purchased of Mr. Newton Bishop, brother of Mr. Bush Bishop of Paris, a farm of 140 acres, located in Woodford county for about \$240 per acre. Possession to be given in March.

Auctioneer M. F. Turney made the following sales in front of the court house door yesterday for Master Commissioner Oscar T. Hinton:

The Mrs. Mary S. Weathers farm near Clintonville, containing seventy acres, to Sam Weathers, for \$8,000; the A. P. Bryan property in North Middletown, to Wakefield & Davis, for \$16,750.

NOTICE, TAX PAYERS.

Your time is growing very short. Come to our office in the Court House and bring us your property lists. It will save you the penalty.

MISSIONARY UNION TO MEET HERE TO-MORROW.

The Women's Missionary Union of the Elkhorn Baptist Association will meet at the Paris Baptist church to-morrow (Wednesday) afternoon at two o'clock. The meeting will be in charge of the new Superintendent, Mrs. J. O. Smith. Addresses will be made by Miss Louise Tucker, of Shanghai, China, and Miss Bertha Mitchell, a home missionary to the little Italian children in West Tampa, Florida.

SEPTEMBER COURT DAY.

Yesterday was a rather dull court day, not much stock on the market, and trading rather slow. Several hundred sheep changed hands at the M. J. Murphy stock pens at good prices, while at the same place Brannen & Fox, of Danville, sold twenty-five head of mares at fair prices.

There was only a small sized crowd in the city, the farmers being unusually busy with their work. A heavy rain in the afternoon scattered the crowd in a hurry. Merchants report fair business and collections good.

SHOOTING THE MOST DANGEROUS RAPIDS IN THE WORLD.

Lyman H. Howe's cameramen have done many daring things to obtain thrills for the famous Howe Travel Festivals, but their filming of a trip through the fastest rapids in the world is one of their most sensational stunts. This picture, "A Canoe Trip to Kaiteur Falls," is one of the features of the new Howe Travel Festival, which comes to the Paris Grand on Monday, Sept. 9.

"A Canoe Trip to Kaiteur Falls" is one of the unusual features of the new Travel Festival. Other interesting things on the new program are "Up in the Air With the Marines," the most sensational aviation picture ever filmed; a ramble through Southern France, in natural colors; a reproduction of the famous Red Cross poster, "Greatest Mother in the World," expertly animated in clay; a marvelous "freak" film which reveals some grotesque and puzzling scenic distortions; a picturesque tour of old Mexico; and "Capturing Wild Animals Alive in the Rockies," showing how a famous Montana cowboy fearlessly ropes a savage Canada lynx, puma and black bear with a lasso as his only weapon.

The usual amusing Howe animated caricatures and patriotic film novelties will round out the new program.

DOVE HUNTERS IN FIELD

Bourbon county sportsmen in large numbers took advantage of yesterday being Labor Day, a legal holiday, and the opening of the dove shooting season. They spent the afternoon in the fields, reporting very good success, on their return. County Clerk Pearce Paton was busy Saturday renewing hunting licenses. The hunters report the birds as being plentiful.

FUGITIVE FROM REFORM SCHOOL CAUGHT HERE.

John Bennett, one of the boys who recently escaped from the Reform School at Greendale, near Lexington, was caught near Hutchison, Friday evening by Chief of Police Link, and returned to the school. Bennett and two others, who had witnessed a fight between Herbert Smith and Oscar Malone, both inmates of the school, became alarmed and decided to take leave. In the fight young Smith received a heavy blow in the stomach, causing death in a few minutes. Bennett and the others were so scared over the tragic affair, they decamped rather than face the coroner's jury.

MAIL DAMAGES TOBACCO.

A heavy wind, rain and hail storm passed over sections of the county Friday afternoon, doing considerable damage to crops. On the farm of Mr. Owen L. Davis the hail beat down a crop of six acres of tobacco, upon which Mr. Davis carried insurance. A crop on the farm of Mr. A. B. Hancock was slightly damaged by the hail. The tobacco crop on the farm of Mr. Ford Brent also suffered. For the first time in the past ten years Mr. Brent had no insurance on his crop.

NOT ALL JOYRIDERS OBSERVED SUNDAY ORDER.

The order of the Government restricting the use of automobiles to necessary work on Sundays in order to conserve gasoline, was generally obeyed in this section. Of course, there were many exceptions to the rule, either through a spirit of "I-don't-care" or because the parties had not been reading the papers and did not know the order had been issued.

Two representatives of Paris papers stood on one of the most prominent street corners in the city Sunday, a corner where the traffic has been very heavy among joyriders on Sunday, and counted twenty-five machines passing, which they knew positively to be occupied by persons who were joyriding, and not using their machines for really needful purposes. It was both too early and too late for church, so that was no excuse.

THE CAMPAIGN IN COUNTY FOR STUDENT NURSES.

The women of Paris and Bourbon county who will take the census of the woman-power of the county during the week of Sept. 3-10, in a house-to-house canvass, will at the same time make a campaign for volunteer student nurses.

According to word sent out from the National Council of Defense and the Red Cross of the Lake Division, a thousand graduate nurses must be sent overseas each week for the next two months to meet the requirements of the Allied Armies, and in order to fill the ranks of the hospitals thus depleted, the Government is calling for young women between the ages of 19 and 35 years to go into training. Twenty-five thousand are needed in this Nurses' Reserve, and each State and County is asked for volunteers. They will receive the best training in schools established by the Government.

This will be a splendid opportunity to show patriotism and to help keep up the morale of civilian life by taking care of the public health during the absence of the registered nurses who have gone abroad.

Surgeon-General Gorgas says: "The army-to-day is growing faster than the nurse corps," and the demand for trained nurses must and will be met. Hence the call for students to go into training to take their places.

CHAMBERLAIN'S COUGH REMEDY.

This is not only one of the best and most efficient medicines for coughs, colds, croup and whooping cough, but is also pleasant to take, which is important when a medicine must be given to young children. Chamberlain's Cough Remedy has been in use for many years and has met with much favor wherever its good qualities have become known. Many mothers have given it their unqualified endorsement. Wm. Scruby, Chillicothe, Mo., writes: "I have raised three children, have always used Chamberlain's Cough Remedy and found it to be the best for coughs, colds and croup. It is pleasant to take. Both adults and children like it. My wife and I have always felt safe from croup with it in the house." Chamberlain's Cough Remedy contains no opium or other narcotic.

WEATHER BUREAU SAYS WAR NOT CAUSE OF RAIN.

"There is nothing in it," says the United States Weather Bureau, to repeated inquiries as to whether the war affects rainfall or any other weather conditions.

It is a popular fallacy that convulsions, explosions and the liberations of gases in the European conflicts are having an effect on the weather, not only over the battlefields, but elsewhere on the globe; but is only a fallacy, say the weather specialists of the United States Department of Agriculture, even though it has existed almost since the beginning of historic times.

Before gunpowder was used the ancients had an idea that battles produced rainfall, which was caused by the clash of swords and the sweat of the fighters.

MARIE LORTH, ENGLISH EQUESTRIENNE, WITH SPARKS' CIRCUS.

"American girls are afraid to risk their necks, that is why the circus is composed mostly of foreign performers."

So affirms Marie Lorth, English equestrienne with the Sparks' circus, which will spread its tents here for performances next Saturday, Sept. 7th. She bases her assertion on the proof that there are few American women in the equestrian ring to-day.

"Almost all circus riders are French, Italian or English," according to Miss Lorth. "The women in America are too timid to risk their lives on the backs of swiftly moving horses, and so they seek positions in the choruses of theatrical companies, where they find it difficult to progress."

"There is more chance for promotion and certainly greater distinction in being a performer in the

circus ring than in the chorus of a musical show."

"Of course, you know many of the foreign women are apprenticed in circus work from youth, and bareback riding is handed down from one generation to another. But there are plenty of women who start in on their own responsibility and become successful in the equestrian ring."

"I admire the woman who is not afraid, and I advise some of the chorus girls who are plodding along in musical comedy, with small hope for a chance to get a principal part, to abandon the stage and take up the circus life."

"It pays more and there is plenty of room for novelties, brains and talent. If the American girl was as brave and athletic as she is thought to be, she wouldn't hesitate between musical comedy and the circus."

PROVIDING HOMES FOR OUR RETURNED SOLDIERS.

Secretary of the Interior Lane presented to the President and to Congress recently a comprehensive plan for a preliminary study of the unused lands of the country, with particular reference to the irrigation of some 15,000,000 acres of arid land, the drainage of between 70,000,000 and 80,000,000 acres of cut-over or logged-off land, with the purpose in view of reclaiming these lands through Governmental agency and providing homes for returned soldiers.

After the care of the disabled soldiers comes the consideration of the other worldly interests of all the men who return to seek their places in the organization of peace. The plan of Secretary Lane calls attention to the natural impulse which has shown itself after all wars in the returning soldier—the impulse to go back to the land. The Secretary proposes, therefore, that to encourage and prepare for this preference a careful and thorough survey be made of our land reserves for the extensive reclamation of lands, so that the soldier and sailor who looks about him when he comes home will find his Government ready to offer him opportunity and aid—a farm, or a ranch, or a plantation—and also to help him to establish himself upon it and to begin life anew with full confidence that his industry will be rewarded. We hope Mr. Lane's discussion will be carefully read by every American and that Congress will act to set on foot the necessary measures.

WARRANTS DRAWN TO PAY SCHOOL TEACHERS.

For the first time in the history of the State rural school teachers will be paid their salaries in interest-bearing warrants. Saturday, Superintendent of Public Instruction Gilbert drew warrants on State Auditor Greene for \$576,512.89, which is the first installment due rural and city teachers. On the amount \$473,862.12 goes to rural teachers and \$102,650.77 to city teachers.

The paying of teachers in interest-bearing warrants was made possible by the last session of the General Assembly. The act provides that when there is no money in the school fund for paying salaries of teachers interest-bearing warrants may be issued to them.

FOR WEAK STOMACH.

The great relief afforded by Chamberlain's Tablets in a multitude of cases has fully proven the great value of this preparation for a weak stomach and impaired digestion. In many cases this relief has become permanent and the sufferers have been completely restored to health.

FEEL LIKE GIVING UP?

Many Paris People on the Verge of Collapse.

A bad back makes you miserable all the time—Lame every morning; sore all day. It hurts to stoop—it hurts to straighten.

What with headache, dizzy spells, urinary weakness—

No wonder people are discouraged—

Who do not know the kidneys may be the cause of it all.

Give the weakened kidneys needed help.

Use a tested and proven kidney remedy.

None endorsed like Doan's Kidney Pills.

Mrs. John Mastin, 1439 High St., Paris, says: "I have used Doan's Kidney Pills with good results and I know from the help they have given me that they would be just as beneficial in other cases of kidney trouble. I had a dead, dull ache across the small of my back and my kidneys acted irregularly. Doan's Kidney Pills rid me of those complaints and if I should need a kidney remedy again, I would certainly take Doan's Kidney Pills."

Mrs. Mastin is only one of many Paris people who have gratefully endorsed Doan's Kidney Pills. If your back aches, if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. Mastin had—the remedy backed by home testimony. 60 cents at all stores. 260,000 UNNATURALIZED GERMAN REGISTER IN U. S.

About 260,000 unnaturalized male Germans live in the United States and have registered with police and postmasters under enemy alien regulations, the Department of Justice has reported.

The registration for males was held in January and a few additional Germans are being recorded from time to time. Reports of the registration of German women more than two months ago have not yet been fully tabulated, but it is believed less than 200,000 enrolled.

These figures do not include the interned Germans, whose number never has been made public.

PATRIOTIC PREMIUM PLAN

Approximately \$35,000 of the premium awards at the Kentucky State Fair to be held in Louisville the week of September 9-14, will be paid in War Savings Stamps and Thrift Stamps.

All exhibitors winning prizes of \$5 and under will be paid in this manner, and those winning premiums in sums over \$5 will receive 25% of the amounts in War Savings and Thrift Stamps.

As the total aggregate of premium money listed in the 1918 Kentucky State Fair catalogue is \$78,000, the tidy little sum of \$35,000 is thereby assured for the government war budget.

WOMAN WHO MADE FIRST CONFEDERATE FLAG, DEAD.

Mrs. Rebecca Winborne, 87 years old, who died recently at her home in Wilson, N. C., is said to have been the woman who made the first Confederate flag.

The banner, designed by Captain Orren Randolph Smith, of Henderson, N. C., was made by Mrs. Winborne when she was Miss Rebecca Murphy, at Wilson, in February, 1861. A sister refused to aid in making the flag, it is said, because she was engaged to a Northern army officer. A few weeks after the flag was completed it was adopted by the Confederate Congress at Montgomery, Alabama, as the standard of the Confederacy. The first banner contained only seven stars, representing the number of States that had seceded, but this number was soon increased to eleven by the withdrawal of other States from the Union. By act of the Confederate Congress it was named "The Stars and Bars."

At a reunion of Confederate Veterans at Norfolk, Va., in 1910 Captain Smith explained the meaning of the various colors in the flag as follows:

"The idea of my flag I took from the Trinity. The Three bars were for the church, State and press all bound together by a field of blue (the heavens over all), bearing a star for each State in the Confederation. The seven white stars, all the same size, were placed in a circle, showing that each State had equal rights and privileges, irrespective of size or population."

GOOD FOR BILIOUSNESS.

"Two years ago I suffered from frequent attacks of stomach trouble and biliousness. Seeing Chamberlain's Tablets advertised I concluded to try them. I improved rapidly."—Miss Emma Verbryke, Lima, O. (sept-adv)

MILLERSBURG

—Master Wm. Miller, Jr., is among
the sick.—Mrs. Adella Miller remained
about the same.—Millersburg was well represented
at the Germantown Fair last week.—Presiding Elder W. M. Oney
conducted quarterly meeting at Meth-
odist church, Sunday.—Mrs. J. T. Judy returned Sunday
after a week's visit to her mother,
Mrs. Wm. Payne, at Cynthiana.—Mrs. Chas. Corrington, of this
city, who was elected a member of
the Cynthiana High School faculty,
resigned that position.—Mr. Claude Neal and son, of
Newport, returned to their home Sat-
urday after a few days' visit to his
mother, Mrs. Jennie Neal.—Mrs. Wm. Hinton and son, of
Flemingsburg, were guests of her
brother and sister, Mr. and Mrs. S.
R. Butler, Friday and Saturday.—Mrs. George Jeffreys, daughter,
Miss Irene Jeffreys, and son, Master
George Jeffreys, Jr., arrived Satur-
day as guests of Mrs. R. M. Caldwell
and family.—The Little John Carnival Co.
have a three-days' carnival during
the past week. Large crowds were
in attendance and their various at-
tractions were good.—Mrs. Bettie Shepherd and Mrs.
J. F. Daniel, of Millersburg, are
guests of their cousin, Miss Varina
and Virginia Hanna, of East Max-
well street, Lexington.—Mrs. W. M. Miller, son and
guests, enjoyed an outing in their
automobile Friday, taking in High
Bridge, Shakertown, Harrodsburg,
Frankfort and other points.—Regular meeting of Amity Lodge
No. 40, F. and A. M., to-night.
Special work. Two candidates will
receive their entered apprentice de-
grees. All members are urged to be
present.—Mrs. F. E. Peterson was called to
home of her parents, Mr. and Mrs.
Alice, at Walnut Grove, Thursday on
account of the illness of her brother.
The young man was taken to Lex-
ington, where he underwent an
operation Saturday by Dr. Barrow,

PLAN TO GET PHYSICALLY UNFIT MEN IN ARMY.

"Development battalions" have
been established at army training
camps to bring about the greatest
possible utilization of men physically
disqualified for general military duty
and thereby relieve for more active
service the large number of soldiers
now engaged in semi-civilian work.
The War Department has announced
that about 90,000 men already have
been transferred to the new organiza-
tions.

Men with physical defects are sent
to the battalions, and after being
carefully examined by the personnel
organization and by a selected med-
ical group they are placed in com-
panies and given various forms of
training designed to correct their
minor defects, or in serious cases are
sent to hospitals for treatment.

The War Department statement
says the battalions are proving their
value at the outset. Large numbers
of men of exceptional trade skill or
high professional ability or knowl-
edge have been placed at work for
which they are physically qualified,
and soldiers who formerly did the
work are relieved for overseas ser-
vice.

REVENUE ASSIGNMENTS.

In the revenue assignments for
the month of September just an-
nounced by Collector of Revenue
Ellwood Hamilton, at Lexington,
Bourbon county is given the follow-
ing:

No. 77—Julius Kessler & Co.,
Paris; John A. Logan, storekeeper-
ganger in charge; H. B. Clay, ad-
ditional.

DEATHS.

WOODS.

Mr. Boyd D. Woods, aged sixty-five,
a well-known furniture dealer of
Lexington, died at his home in that
city Friday afternoon, of rheumatism
of the heart. Besides his wife, he is
survived by one daughter, Mrs.
Strother Gaines, of Lexington; three
sisters, Mrs. John E. Rubbathen, of
Lexington, Mrs. H. A. Waxell, of Cov-
ington, and Mrs. A. E. Compton, of
Nicholasville; also by two brothers,
Mr. F. N. Woods, of Lexington, and
John M. Woods, of Winchester, for-
merly of Paris.

HUTCHINGS.

—Mrs. Mary Hutchings, aged sev-
enty-six, died at her home on the C.
M. Clay farm, on the Winchester
pike, near this city, Friday, after a
long illness due to Bright's disease.
She is survived by two sons, William
Hutchings and James W. Hutchings,
both of this county.

The funeral was held Saturday af-
ternoon, the burial being private.
Services were conducted at the grave
in the old burying ground on the
Clay farm, with services conducted
by Rev. R. C. Goldsmith, pastor of
the Paris Baptist church.

WILSON.

—The funeral of Miss Maude Wil-
son, aged nineteen, who died Friday
morning, at the home of her parents,
Mr. and Mrs. R. L. Wilson, in East
Paris, was held Saturday afternoon
at three o'clock, with services con-
ducted at the grave in the Winchester
cemetery by Rev. J. H. McNeill,
pastor of the Winchester Christian
church.

The pall-bearers were Nelson
Strode, Allen Buckner, Spencer Pin-
nell, Robt. Baldwin, Edward Ecton
and Perry Browning.
Miss Wilson had been in declining
health for a year, due to the ravages
of tuberculosis. She had been under
treatment at Lexington and at Win-
chester, her former home, but the
dread disease had gained such a hold
as to baffle all medical skill exerted
in her behalf, and her condition grew
steadily worse until death ensued
Friday.

She was a bright and very attrac-
tive young woman, who made many
friends here by her sunny disposi-
tion, which even the inroads of an
insidious disease could not dispel.

PATON.

—Mrs. Frankie Tipton, aged sev-
enty-two, died at the home of her
sister, Mrs. Maria Tipton, on High
street, Sunday morning after an ill-
ness of several weeks due to uraemic
poisoning. Mrs. Paton had not been
in good health for some time, but
her condition was not thought serious
until a few days ago when uraemic
poisoning developed, hastening the
end.

She was the widow of Mr. James
E. Paton, of Paris, for many years
Clerk of the Bourbon Circuit Court,
who preceded her to the grave many
years ago. They had no children.
Mrs. Paton for many years conducted
a millinery business in the store-
room on Main street on the site of the
building now occupied by Mitchell &
Blakemore. In after years she was
a resident of New York, where she
was head milliner and buyer for one
of the largest concerns in New York.

For the past two years she has re-
sided in Paris, making her home
with her sisters. She was a daugh-
ter of the late Mr. and Mrs. S. E.
Tipton, prominent in the life of Paris
years ago. Mrs. Paton was a cul-
tured and refined woman, one whom
it was a pleasure to know. Her
husband was survived by one brother,
Mr. Edward A. Tipton, of Lexington
and New York, Secretary of the Ken-
tucky Trotting Horse Breeders' Asso-
ciation, and two sisters, Miss Maria
Tipton and Mrs. D. C. Parrish, both
of Paris.

The funeral was held at the
family home on High street, yester-
day afternoon at four o'clock, with
services conducted by Rev. W. E.
Ellis, pastor of the Paris Christian
church, of which she had been a

MATRIMONIAL.

—Handsomely-engraved announce-
ments, worded as follows, were mail-
ed out this morning to friends and
relatives of the bride and groom,
Miss Virginia Cook and Mr. Walter
Dalby:

"Mr. and Mrs. Charles P. Cook
announce the marriage of their
daughter, Virginia, to Mr. Walter
Chandler Dalby, on Monday, Septem-
ber second, Nineteen Hundred and
Eighteen, Paris, Kentucky."

COOK—DALBY.

—The home of Mr. and Mrs. Chas.
P. Cook, on Cypress street, in this
city, was the scene of a pretty wed-
ding at eight o'clock, last night,
when the handsome daughter of the
household, Miss Virginia Cook, was
given in marriage to Mr. Walter
Chandler Dalby.

The ceremony which united these
popular young people was performed
in an impressive manner in the pre-
sence of only the immediate relatives
and a few personal friends of Miss
Cook and Mr. Dalby, by Rev. W. E.
Ellis, pastor of the Paris Christian
church. The home was beautifully
decorated for the happy event with
plants and potted flowers. The
bride, radiant in health and a face
beaming with happiness, was gowned
in a smart blue suit, with brown
shoes, hat and gloves, and carried
a corsage bouquet. At the conclu-
sion of the ceremony, after receiving
the congratulations and best wishes
of the assembled guests, Mr. and Mrs.
Dalby left for a short bridal trip,
their destination being kept a secret.
They will be at home to their friends
on and after Wednesday at the home
of the bride's parents, Mr. and Mrs.
Charles P. Cook, on Cypress street.

The bride is one of the loveliest
young women in the city, one whose
sunny disposition has made her more
than the accepted number of friends.
She is a favorite with all who know
her, by reason of her charming man-
ners and gracious ways that know
no manner of change. From early
childhood she has been so and com-
ing to womanhood her charms have
become matured and of the quality
that have endeared her to all her
friends.

Mr. Dalby is one of the city's most
popular young business men. Com-
ing here a comparative stranger as
manager of the Kress Co. stores he
made himself a name for business
probity and integrity and by his close
attention to business and uniform
courtesy toward the patrons of his
house, gained their esteem. He is in
every way worthy of his fair bride,
and every good thing that can come
to him in this life.

SHELBY COUNTY BARN STRUCK BY LIGHTNING.

A large barn on Walker Daniel's
farm, three miles north of Shelby-
ville, was struck by lightning Fri-
day afternoon and burned to the
ground. Everything in the barn was
destroyed, including 20,000 pounds
of hemp, 100 barrels of old corn, ten
tons of baled hay and all of the
farming implements. The total loss
will approximate \$10,000, with in-
surance not more than one-third of
that amount. John Price, a negro,
who was standing in the door of the
barn was stunned by the shock.

About 1,200 barrels of oil were lost,
valued at \$3,000, in addition to the
tanks. They had a capacity of about
1,200 barrels each and were half
full.

THE MOST USEFUL PLANT IN THE WORLD.

Lyman H. Howe's quaint tour of
old Mexico, a feature of his latest
Travel Festival, which comes to the
Paris Grand on Monday, September
9, shows the maguay plant, termed
by Mexicans themselves "the most
useful plant in the world."

From the maguay, or century plant
the Mexican peon obtains practically
everything he needs to live. He
builds his house, from its stalks,
makes his roof of its leaves, chops
up its stalks as fodder for his cat-
tle, extracts the sap which is made
into the national Mexican drink,
pulque, eats in toasted form an odd
worm which lives in its heart, and
makes rope from its fibre.

The odd Mexican process of mak-
ing rope from the maguay is vividly
shown in Mr. Howe's pictures. The
natives use a crude process which has
remained unchanged for hundreds of
years, but which efficiently weaves
a rope from the fibre of the maguay
leaves. The motion picture camera
shows how the leaves are chopped
from the plant and skinned, how the
leaf is then beaten to fibre form, how
the coarse pulp is removed by an in-
strument exactly like that used by
the ancient Aztecs for the same pur-
pose, and how the fibre, as fine and
strong as silk, is finally woven into
rope.

This fascinating tour of Mexico is
a feature of the newest Howe Travel
Festival, which also includes "Up In
the Air With the Marines," a re-
markable series of aviation pictures
taken by government photographers
at the Marine Aviation Field, Miami,
Florida. These not only show the
training of an air cadet in every de-
tail, but present some remarkable

pictures of aerial manoeuvres taken
both on the ground and in the clouds.
A sensational incident of the series
is a loop-the-loop in the clouds and
a dizzy tail spin 10,000 feet to earth,
filmed from the machine itself. This
is the last word in film thrills.

Other features of the program
show the capturing of defiant wild
animals alive in the Rockies by an
intrepid cowboy naturalist, who uses
nothing but a lariat as a weapon; a
reproduction of the famous Red
Cross poster, "Greatest Mother in the
World," animated in clay; snapshots
of Southern France, in natural colors,
and an extraordinary "freak" film
which reveals grotesque and puzzling
effects in scenic distortions.

Laughter-producing comedy car-
toons and patriotic film conceits
will be generously interspersed
throughout the entertainment.

TWO NEW GREENBACKS PLACED IN CIRCULATION.

Two new greenbacks—the first of
the Nation's war-time currency—are
in circulation. They are the \$1 and
\$2 Federal Reserve Bank notes, plan-
ned especially to replace the silver
certificates withdrawn from circula-
tion as the Treasury's silver reserve
is melted into bullion for export to
the Allies.

The \$1 note bears a portrait of
George Washington in the upper left-
hand corner of the face side, and
otherwise resembles generally a Fed-
eral Reserve note. On the reverse
side is shown in a center oval an
eagle in full flight, typifying the Na-
tion mobilized for war.

The \$2 note is similar, except that
it bears a portrait of Thomas Jef-
ferson on the front and a picture of
a battleship on the back.
